About This Game

Try life as a strange jellyfish on a remarkable world. Learn to fly through the skies of a psychedelic Venus, to explore and flourish.

Fling, jet, grapple and roll your way through 80 levels of tentacle-flying physics fun. Time your bursts just right to explore every cleft and cranny of the floating beasts inhabiting the mysterious dark side of Venus. This game uses only one button but don't be fooled - you'll have to think like a jellyfish and zen to the heady biorhythms of the planet before you learn its secrets.
